## POWER POOL PLAY BEGINS

Pool Play has wrapped up for the Open and Women's divisions, with teams now slotted into secondary pools to determine their place in the championship or consolation brackets.

Six of the original top eight Women's seeds enter Day 3 of the tournament with an undefeated record, along with pool second seeds Melbourne Ellipsis (AUS)

and Tokyo MUD (JPN). It's even more top-heavy in Open, where seven of the original top eight seeds escaped their pools unscathed, joined by the upstart Mooncatchers (BEL) who came out on top in the highly competitive Pool E ahead of Vancouver Furious George (CAN).

Meanwhile, in Mixed, the last round of Pool Play on Tuesday morning will see some teams book their place directly into the championship bracket while others will face do-or-die crossovers to earn their spot. By the end of the day, we'll have a full picture of the

round of 32 that will begin first thing tomorrow.

Contenders in all divisions will be looking to continue their march toward medal contention today.

## MEET THE STAFF

### EMILY THUG KRAFT & CHARLIE (DOG), MEDICAL COORDINATORS

**How has it been in charge of the medical needs so far at the tournament?**

Everyone's actually doing a good job staying hydrated and safe in the heat. People are doing a relatively good job staying safe with COVID and no one's done anything really crazy yet so, brilliant!

**Where did your dog get his medical degree?**

I think he went to Columbia. That's all the information he provided me, but we're still paying his student loans. He's currently unemployed, so not even really contributing to the house yet! But he's cute as hell and he's a good ultimate dog.

## GAMES TO WATCH

### WOMEN'S DIVISION

**Ellipsis (AUS) vs Phoenix (USA) - Field 22, 17:00**

### OPEN DIVISION

An evenly matched Power Pool clash that has huge implications for who makes the championship bracket.

### MIXED DIVISION
